WARRANTS, CIRCULARS, &c.

63.
Nova Scotia,
13.

CIRCULAR, No. 361.
HOME AND FOREIGN.
War Office, 17th December, 1858.

THE following Regulations are to be attended to whenever it may become necessary to hire any land or building for the service of the War Department:—

1. No building or land is to be hired for the accommodation of Troops, Stores or for any other purpose, without the authority of the Secretary of State for War, except at Foreign Stations, where circumstances do not admit of the delay of a reference to England.

2. The Officer commanding the Troops at Foreign Stations may authorize the hire of a building for a short term in anticipation of the authority of the Secretary of State for War, which should be applied for by the earliest opportunity.

3. On its being proposed to hire any building or land, application shall be made to the Officer commanding the Troops at Foreign Stations, or to the Officer commanding the District at Home Stations, who will then direct inquiries to be instituted, and a report of the circumstances to be drawn up and laid before him on the following points:—

1. The branch of the Service for which the accommodation is required.
2. The number and description of persons or the quantity of Stores, or any other purpose for which it is required.
3. Whether by re-arrangement of existing accommodation the additional accommodation requisite could be provided.
4. The situation, extent and description of the building or land proposed to be hired, with the reasons for its selection.
5. The precise uses to which it is proposed to appropriate the various parts of the building or land.
6. The time for which it is proposed to hire it.
7. The rent and conditions of hiring.
8. The name and address of the landlord or authorized agent.
9. The present condition and state of repair of the building, and any expenditure that it may be proposed to incur to render it fitted for the object for which it is hired.

4. In the event of buildings or land being required for Troops this report will be drawn up jointly by the Commanding Royal Engineer, the Barrack Master and a Military Officer deputed for the purpose by the General Officer commanding. Should it be required for any of the Civil Departments of the Army, the Head of that Department will, in framing the above report, be substituted for the Military Officer.

5. On receiving this report the General Officer commanding will ascertain whether the wants of the Service cannot be met in any more economical manner by the erection of temporary buildings, the issue of lodging money, by resuming possession of any land or building let by the War Department, or by any other arrangement.

6. On satisfying himself that the hiring will be the best course, he will at Home Stations, if the accommodation is for Troops, transmit a report of the circumstances of the case, inclosing the before-mentioned joint report, to the Quartermaster General, by whom, should the Commander in Chief concur in the necessity for the hire, it will be transmitted to the Secretary of State for War for his decision thereon.

Digitized by Google

7. Should the accommodation be required by the Store, Purveyor's or other Administrative Department, the General Officer will report direct to the Secretary of State for War, and the Head of the Department concerned will report simultaneously to the Head of his Branch in the War Office.

8. On the Secretary of State for War approving the measure, the necessary instructions will be sent to the Barrack Master to effect the hiring.

9. The steps pointed out in pars. 6 and 7 for Home Stations will be adopted at Foreign Stations, the report of the General Officer being, however, in all cases transmitted direct to the Secretary of State for War.

10. Where circumstances do not admit of the delay of a reference to England, the General Officer commanding will at once instruct the Barrack Master to effect the hiring, and will authorize the Controller to make the necessary payments.

11. He will, by the first opportunity, report the circumstances to the Secretary of State, forwarding the above-mentioned joint report, requesting covering sanction.

12. Barrack Masters at Foreign Stations will also report to the Inspector General of Fortifications for the information of the Secretary of State for War, whenever, in accordance with the directions of the General Officer commanding, they shall have effected any hiring.

13. Before any hire of a building is actually concluded, the Barrack Master will request the Commanding Royal Engineer to cause the building to be inspected by an Officer of his Department, with a view to a list of fixtures as well as the state of repair being put upon record, and a copy attached to the agreement.

A similar inspection will be made by the Engineer Department previous to the surrender of a building, and the amount of dilapidation fairly chargeable to the public ascertained.

14. The Officer commanding, as well as the Head of the Department concerned, is held responsible that measures are taken to terminate the hiring as soon as the exigencies which led to the hiring are terminated, or can be provided for in any other more advantageous manner.

15. The General Store Establishments in London and Woolwich, the Manufacturing Departments, and the Educational Establishments at Woolwich and Sandhurst, are excepted from the operation of this Circular.

Home Stations.

War Office, 22nd December, 1858.

Some doubts having arisen in regard to the application of Paragraph 5, Clause 2, of Circular No. 193, Secretary Major General Peel directs that it be notified, for the information of Officers of the Military Store Department, that it was not intended by the paragraph referred to to extend the Servant Allowance to those Officers on the Home Service, nor to make any exception in favour of those who may have been removed for duty, notwithstanding they may have drawn the allowance whilst abroad.

CIRCULAR, No. 366.

Sir, *War Office, 24th December*, 1858.

I am directed by Secretary Major General Peel to acquaint you that Commissary General John William Smith, *C.B.*, has been appointed Commissary General in Chief, under the Royal Warrant dated the 28th ultimo; and I am at the same time to convey to you the following instructions with respect to this Warrant:—

1. That all reports made to this Office by Commissariat Officers, and all Commissariat Store Accounts are in future to be addressed, in accordance with the general rule of this Office, to the Under Secretary of State, marked in the corner "Commissary General in Chief," in order that they may be referred to that Officer for such action as he may think

necessary, and that such reports shall be subject to the rules laid down in War Office Circular, No. 156, with respect to the authority and intervention of Officers commanding the Troops.

2. That the Treasury Regulations of 1st March, 1852, referred to as having been cancelled from the date of the Warrant, are nevertheless still to be acted upon in the case of all Officers placed upon half pay previously to such latter date; and that no transfer from half to retired pay can take place under the new regulations, even of those Officers who might be otherwise eligible from length of service.

3. That the same Regulations of 1st March, 1852, are also to be still in force with regard to—

Art. 13. Respecting charge pay to Officers promoted to a rank superior to that authorized for the Station.
Art. 23 & 24. Respecting temporary charge pay.
Art. 29. Respecting date of commencement and cessation of charge pay; and
Art. 25 & 31. Respecting the commencement and cessation of full pay of Officers.

4. That the grade of Established Clerk is prospectively abolished under Clause 4 of the Warrant, but that Clerks now on service will retain both their designations and emoluments until their several cases can be dealt with according to special instructions, which will be forthwith given.

5. That with a view to the fixing of a Commissariat Establishment limited to the actual wants of the public service, as contemplated by Clause 5, the attention of Commissariat Officers in local charge is particularly directed to the question whether any, and what, reduction of the existing Establishment can be effected, and whether, by a revised classification of duties, subordinate members of the Department may not in some instances properly take the places of Commissioned Officers, who should be confined as much as possible to the higher duties of their profession.

6. That the increased rates of full pay now authorized will take effect from the date of the Warrant, while the five years' length of service (including periods of leave of absence granted therein) entitling Officers to certain increased rates of pay must be shown by special reports to this Office, stating the precise dates, sphere of duty and other necessary particulars, so that issues made under the responsibility of Officers in charge may be properly checked.

7. That the increased allowances, if any, to which Officers may be entitled under the new Warrant will commence from the date of the General Order promulgating the Warrant within the Command, and special reports are to be made to this Office of such increased allowances for the approval of the Secretary of State.

8. That in any instance in which the emoluments of an Officer under the regulations which have been superseded are greater than those to which he would be entitled under the new Warrant, he will be at liberty to draw such higher emoluments until his services are transferred to another Station, when his pay and allowances will be governed by the new Warrant.

9. That the advantages and emoluments now applicable to Officers serving on the West Coast of Africa will be continued until further orders.

I am, Sir, your obedient Servant,

To the Commissariat Officer in charge. B. HAWES.

Schoolmasters,

CIRCULAR, No. 367 (CLOTHING).

War Office, 24th December, 1858.

THE following Regulations with regard to the supply of Clothing to Trained Army Schoolmasters will come into force on 1st April, 1859:—

1. The clothing for the year 1860 and for the future will not be supplied made up, but in materials.

2. Every Trained Army Schoolmaster will for the future make an annual demand upon the authorized size roll for his clothing: from Stations east of the Cape of Good Hope in April, from all other Stations in June. He will at the same time ascertain and report whether the Military Storekeeper has a set on hand, when it was received, and for whom intended.

Digitized by Google

3. Should a Schoolmaster serving abroad leave the command before the receipt of the materials, he will immediately report the circumstance to the Director of Stores and Clothing; and, if not already despatched, they will be forwarded to the Station to which he is transferred. Should they have been despatched, they will, on arrival, be received by the Military Storekeeper and taken on charge, but not sent after him, and another set will be despatched from England.

4. Should it appear, on the receipt of a requisition in advance, that there is a suit of clothing in store at the Station, its issue to the applicant at the proper time will be authorized, less any badges to which his rank may not entitle him.

5. All materials will become due on 1st March, in order that the clothing may be made up and taken into wear on the 1st April at whatever time the Schoolmaster may have quitted the Royal Military Asylum. Those, however, who quit the Royal Military Asylum at Midsummer will receive a compensation the first year in lieu of a suit, which will not be issued until the following March.

6. Schoolmasters on Home Stations, if ordered to the Cape of Good Hope, or Stations eastward of the Cape of Good Hope, after 1st July, will take their next year's materials with them.

7. Schoolmasters ordered to any other Foreign Stations after 1st January will take their next year's materials with them.

8. Schoolmasters on Home Stations, by the Monthly School Reports of February, will receive their clothing materials direct in the course of March.

9. An uniform sum of 13*s.* will be allowed for making up each suit, in strict conformity with regulations, viz. 10*s.* for tunic, and 3*s.* for trousers.

A further sum of 10*s.* will be allowed in compensation for one pair of boots.

A receipt for these two sums signed by the tradesman and by the Schoolmaster, and attached to the Paymasters' account, will be a sufficient voucher.

10. All silk sashes will be expected for the future to last four years.

11. Deviation from the authorized pattern, by the addition of gold lace round the collar or otherwise, is strictly forbidden; but for the future the tunic will bear the badges of rank on both sides of the collar.

HOME STATIONS.

War Office, 31*st December*, 1858.

SECRETARY Major General Peel has decided that the stoppages made from the extra pay of Engineer Officers accommodated with public quarters or fuel and light, hitherto credited to the public by the Regimental Paymasters, shall, from 1st October, 1858, be paid by the Officers themselves to the Barrack Master at the Station, who will credit the same in his accounts with this Department.

Barrack Masters at all Stations throughout the United Kingdom will therefore be careful to secure such stoppages from the Officers so accommodated, in accordance with the following scale from the above-mentioned date:—

Militia, 1.

CIRCULAR, No. 369.

Sir, *War Office, 3rd January*, 1859.

1. Advertising to War Office Circular, No. 208, dated 9th February, 1858, regulating the use of Libraries furnished by this Department for the Staff of Disembodied Regiments of Militia at Stations where there is no other War Office Library available, I am directed by Secretary Major General Peel to acquaint you that he will, on application, be prepared to authorize the issue of books, to a value not exceeding 20*l.*, to such Regiments as have not already received any, on the express understanding that no expense will be incurred by this Department for book shelves, or in the issue of fuel or light.

2. As these small Libraries are intended for the benefit of the Permanent Staff, it is advisable that their usefulness should be extended as far as possible, by adopting a system of circulation or exchange of books between Regiments whose Head Quarters are contiguous to each other, or are most conveniently situated for the purpose.

3. With this object in view, the Head Quarters of the several Militia Regiments in Great Britain and Ireland have been grouped into Forty-four Districts, as shown in the inclosed Memorandum, a copy of which has been forwarded to each Commanding Officer.

4. I am accordingly to invite you to consult with each of the Commanding Officers of Regiments within the District in which your Regiment has been placed, for the purpose of carrying out the arrangement proposed; but it must be distinctly understood that no charge can be admitted for any expense attending the interchange of books, as it is considered that private opportunities of transit can never be wanting.

5. As each Regiment is responsible to this Department for the particular Library supplied to it, it will be necessary that, before the books are forwarded to another Regiment, a certificate be prepared showing whether they are in proper condition or not, which should be acknowledged and verified before issue by the Regiment receiving them. This Regiment will then, in turn, prepare a similar certificate on returning or forwarding them, each Regiment making good any loss or damage, not attributable to "fair wear," while the books were in its possession.

6. As soon as convenient after the 1st April in each year, Commanding Officers will forward to the Secretary of State for War a report of the condition of the Library, showing what books may require repair or replacing, and accompanied by a statement of the books in their respective classes, which have been most frequently read, for which object the Librarian should be instructed to keep a register of all issues of books.

7. Inclosed is a copy of instructions to Librarians of War Office Libraries,* which the Non-commissioned Officer in charge will act up to as far as they may be applicable to the Libraries of Disembodied Regiments of Militia.

I have the honor to be, Sir,
Your obedient Servant,

The Officer commanding —— Regiment of Militia. B. HAWES.

General No. 96. **INSTRUCTIONS TO LIBRARIANS,**

WITH REFERENCE TO THE REVISED GENERAL CATALOGUE OF MILITARY LIBRARIES ISSUED 1858.

War Office, 1st October, 1858.

1. THE revised Catalogue includes nearly all the works in the Catalogue of 1854, with the addition of those that have been issued subsequently, and of many others approved by the Secretary of State for future issue. Some works that were in former Catalogues have been omitted, and where these are to be found in a Library their titles must be inserted in manuscript on the blank pages in the proper place.

2. On the receipt of the Catalogue, the Librarian, with the permission of the Commanding Officer, will proceed to call in all the books. He will then carefully séparate them in the nine following classes:—

		Numbers.
A.	Books of Reference	1 to 100
B.	Biographical Works	101 to 350
C.	Military and Naval Works	351 to 700
D.	Voyages and Travels	701 to 1,300
E.	Works of Entertainment and Fiction	1,301 to 2,000
F.	Poetry	2,001 to 2,200
G.	General Literature	2,201 to 2,800
H.	Natural History	2,801 to 2,900
I.	Works on Serious and Sacred Subjects ...	2,901 to 3,200

Beginning with Class A., he will mark off in his Catalogue each work of which he finds the title there, setting aside for the present any that he does not find there, and which may possibly be found under some other class.

He will do the same with Class B., and so in succession with each class.

3. In some Libraries there will probably be found a number of works that are not in the Catalogue at all. The Librarian, after having satisfied himself that they are not in the List already, will carefully and neatly enter their titles on the blank pages in the proper class, and opposite the proper letter, taking up no more room than necessary.

4. As each class is finished it will be carefully put away in a separate compartment of the book cases, and one of the printed labels pasted on each shelf.

5. The books must then be re-numbered, beginning each class with the number in paragraph 2, and when this is completed they may be re-issued.

6. Having completed one Catalogue, the other copies are to be filled up from it, namely, one for the use of the readers, one for the Officers' mess-room, one for the Serjeants' mess-room, and one for the War Office, which latter is to be transmitted as soon as possible.

7. The registers are to be so kept for the future as to enable the Librarian to state readily the number of works in each class issued during the quarter, and also the individual works in each class most frequently called for; and he will present a return of this information to the January Quarterly Board for the whole year.

8. It is intended that books in Class A. shall always be accessible to subscribers.

9. The Librarian will consider the Catalogues as a part of the Library, and will muster them before the Quarterly Boards with the other books, taking that occasion to make them complete by the addition of works received since the last correction.

Inspector General of Army Schools.

CIRCULAR, No. 370.

War Office, 6th January, 1859.

Paymasters, Acting Paymasters and Agents are acquainted that it is found requisite for a due record in this Department of the correct expenditure of Army services that such charges in the Accounts transmitted as shall be found on examination to be erroneous or not supported by proper vouchers shall be struck out of the Accounts without waiting as hitherto for the answers of the Accountants, and shall not be allowed to their credit in the books of this Office. The balance in the Accounts on which any disallowance shall be made will consequently be altered by this Office; but the requisite adjustments on the part of the Accountants will continue to be made as heretofore, by crediting the amount of disallowances in the first Pay Lists or Accounts rendered after the receipt of the *Abstract of Examination* and of the decisions thereon, if any additional disallowances are made in the same.

For the purpose of carrying out the intended arrangements, an additional Form will be inserted into the General State of the Pay List for the exclusive use of this Department, and which Form is therefore to be left entirely blank by the Accountant.

It will be evident to all Accountants that this alteration of system will render it more than ever requisite that their Accounts, as well as the explanations called for thereon, should be transmitted to this Office in the most prompt and regular manner at the periods prescribed by the Regulations, and by the safest and speediest conveyance, so that they may be apprized as early as practicable of such charges as are struck out of their Accounts on the first examination, and of such as are re-admitted on receipt of their explanations.

B. HAWES.

To Paymasters, Acting Paymasters and Agents.

27,
General No. 1,019.

CIRCULAR, No. 372.

Sir,

War Office, 7th January, 1859.

Referring to the Circular Letter from this Department, dated the 27th September, 1858, No. 325 (27—Gen. No. 905), which provided that each Soldier who, after the 1st October, 1858, re-enlists after the expiration of his first period of service of ten or twelve years, shall be placed on the footing as a Recruit, and receive a free kit on re-enlistment, or, should he not require a fresh kit, to be paid the value thereof in money, I am desired by Secretary Major General Peel to inform you that the provisions of this Circular are intended to apply to the Engineers, Artillery and Military Train, as well as to the Cavalry and Infantry, the value of the kits issued to Recruits joining these Corps being estimated as follows:—

	£	s.	d.
Royal Horse Artillery	4	16	9
Royal Artillery	3	14	11
Royal Engineers	4	14	10
" " Train	5	11	3
Military Train	5	6	6

The Officer commanding.

B. HAWES.

General No. 1,406.

CIRCULAR, No. 373.

Sir,

War Office, 7th January, 1859.

I am directed by Secretary Major General Peel to request that, in all future demands for Clothing for the Regiment under your command, you will make requisition for ten per cent. in material, instead of five per cent. as hitherto. I am also to request that you will, in forwarding your demands for annual Clothing, make application for a small supply of extra cloth for the purpose of making new fronts, sleeves or skirts to tunics, or for lengthening or widening trousers, or any alterations of that description by which suits, otherwise unserviceable, may be brought into use. As such cases,

however, are not likely to be numerous, the quantity to be demanded for this purpose is not to exceed annually one piece of tunic, and one of trouser cloth per Regiment, with four yards of facing; and every succeeding annual requisition is to be accompanied by a statement from the Quartermaster, showing the suits altered, the nature of the alteration which required extra cloth, and the quantity used in each case, accompanied by your certificate that such alterations were absolutely necessary. All cloth not thus accounted for is to be deducted from the demand for extra material in the succeeding year.

I have the honor to be, Sir,
Your obedient Servant,

The Officer commanding —— Regiment. B. HAWES.

53. CIRCULAR, No. 374.

Establishments, 454.

SIR, *War Office*, 10*th January*, 1859.

THE Committee, upon whose Report the new Royal Warrant for the Commissariat was founded, having recommended the prospective abolition of the grade of Commissariat Clerk, but "that in respect to the existing established Clerks no new Commissions in the Commissariat be granted until such of them as are found duly qualified and fit for promotion are provided for; but the Committee would observe that the improved position and increased responsibility consequent upon the adoption of these recommendations appear to call for additional care in making appointments to the commissioned ranks of the Commissariat," I am directed by Secretary Major General Peel to request that, with a view to carrying into effect the recommendation of the Committee in respect to the established Commissariat Clerks serving under your orders, you will convene a Board, over which you will be good enough to preside, to consist of the Commanding Royal Engineer, the Senior Commissariat Officer and another Officer selected by yourself, as most suitable from his educational acquirements or otherwise, before which Board all the Clerks in question should be ordered to appear on the same day, and who, after having been subjected to a *viva voce* examination on professional subjects, should, under the rules prescribed in the accompanying directions from the Civil Service Commissioners, prepare written answers to the questions in the accompanying papers.

The Senior Commissariat Officer, and the Commissariat Officer under whose immediate orders the Clerk under examination may have been serving, should then be requested to state their opinions as to his character and qualifications; and at the close of the proceedings the report of the Board in each case, with their observations upon it, should be put under a sealed envelope, and addressed to the Civil Service Commissioners, but with a covering letter, to this Department.

As many of the Clerks have been several years in the public service, and may not have been prepared for the present ordeal, it will be at your discretion, either before or after examination, to intimate to each Clerk that the present test of his fitness to hold a Commission from the Crown is in accordance with the conditions of his probationary appointment, and that the only difference from former practice is in the mode of applying it. If, therefore, his examination be deemed unsatisfactory by the authorities at home, he will have no further claim upon the public, beyond a passage to England (unless he prefers to remain in the Colony) and such gratuity as may be awarded him.

If, however, he should fall short of the requirement for a Commission, but should, in the opinion of the Head of his Department, have acquired such experience in office duties, and have executed them with such diligence as to render his assistance in an office desirable, you will be so good as to inquire and embody in the report whether, under such circumstances, he would be willing to accept an Assistant Clerkship, under the 71st and 72nd Clauses of the Commissariat Regulations, at his present pay and a fair equivalent for his allowances.

The examination will, of course, take place at Head Quarters, and the Secretary of State relies upon you for the careful carrying out of these instructions, it being of the greatest importance, under the improved organization of the Commissariat, that every precaution should be taken to prevent the permanent ranks of the Department being incumbered with inefficient Officers.

I have the honor to be, Sir,
Your obedient Servant,

To General and other Officers commanding Abroad. B. HAWES.

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 146, A.—59.

Soldiers' Wives, 1.

Horse Guards, S. W., 20th December, 1858.

It having come to the knowledge of the General Commanding in Chief that the wives of Soldiers married without leave, or married previous to enlistment, have in several instances been taken upon the strength of newly-raised Battalions, His Royal Highness reminds Commanding Officers that "The Queen's Regulations" distinctly direct that Soldiers married without leave are under no circumstances to be allowed accommodation for their wives in Barracks, nor to participate in any of the advantages granted to married Soldiers; and this restriction applies equally to Soldiers who have married previous to their enlistment.

It is incumbent upon a Commanding Officer to take care that the indulgences extended to Soldiers' wives are not bestowed upon improper objects. Circumstances, however, may arise to induce a Commanding Officer to think it desirable to extend these indulgences to a Soldier, who, although married without leave, may, from steady behaviour and good soldier-like conduct, have a claim to special consideration. The Commanding Officer of the Corps will in such cases apply to the General Officer under whom he is serving, who will, if he see fit, authorize the wife to participate in the advantages enjoyed by others who have been legitimately admitted to them.

Every such case is to be noted in the Half-Yearly Confidential Reports, in which the number of Soldiers married without leave, whose wives are on the strength of the Regiment, is invariably to be stated, and the authority is to be quoted.

By Command.

G. A. WETHERALL,
Adjutant General.

General No. 147, E.—17.

CIRCULAR MEMORANDUM.

RECRUITING DEPARTMENT.

Horse Guards, S. W., 24th December, 1858.

The following Form of Daily Return of Recruits (on a quarter of a sheet of foolscap) is substituted for that laid down in Circular of 5th August, 1857, and will be strictly adhered to:—

RETURN of Recruits finally approved by —— at —— for the under-mentioned Corps on the —— day of ——, 185—.

Corps.	Head Quarter Recruits.	Direct Recruits.	Remarks.
Total Number			

Despatched at —— p.m. on ——.

Commanding Officer.

Transfers or exchanges from other Regiments, Volunteers from the Militia, or Recruits who have been finally approved by an Inspecting Field Officer, are not to appear in the Daily or Monthly Returns, as they are accounted for elsewhere.

Digitized by Google

The Daily Returns will simply contain the numbers of Recruits raised at Head Quarters, or sent *direct* from Districts (without passing through the Inspecting Field Officer), who may be finally approved on that day by the Commanding Officer.

The Monthly Return will contain the names and description of all Recruits attested during the month at Head Quarters or at Out-Stations by Head Quarter Parties, and also of all those sent *direct* from Districts, whether they may have been finally approved or finally rejected for surgical or military reasons.

The names of all Recruits who may be thus rejected are to be included among the casualties on the back of the Return; but it must be clearly understood that the list of casualties on the Monthly Return only refers to such casualties as may occur among the Recruits whose description appears on the face of the Return as having been raised during the past month, or among Recruits who may have been received from Districts during that month, when the District in which raised should be given.

Commanding Officers are requested to impress upon their Medical Officers the necessity of carefully noting all marks, such as "Small Pox," "Moles," "Tattooing," &c. borne by the men whom they may be called upon to examine, and of accurately recording the same not only in their own registers of examination, but also on the attestation of the Recruits.

By Command of His Royal Highness
The General Commanding in Chief.

W. F. FORSTER,
Deputy Adjutant General.

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 148, A.—60. Cavalry Equipment, 5.

Horse Guards, S. W., 29th December, 1858.

A Brown Leather Bridle, Cavalry pattern, having been decided upon for General Officers, and also one for the Staff of the Army and for Mounted Officers of Infantry, both of which have been sanctioned by Her Majesty, His Royal Highness the General Commanding in Chief hereby intimates that patterns of these Bridles, also of breast-plates, cruppers and steel chain reins, have been sealed and deposited in the Pattern Room of the War Office, Pall Mall.

It is expected that Officers will provide themselves with these articles at their early convenience.

By Command.

G. A. WETHERALL,
Adjutant General.

General No. 149, E.—18. CIRCULAR MEMORANDUM.

Recruiting Department.

Horse Guards, S. W., 11th January, 1859.

All Recruits sent *direct* from a Recruiting Sub-division to a Regiment or Depôt are to be inspected by the Officer commanding, who will himself insert the age and height in the Inspection Certificate, War Office Form 66.

Should a Recruit thus sent *direct* after examination by a civil practitioner be rejected for surgical reasons, the Officer in medical charge of the Battalion will record on the second page of the Attestation the cause of rejection, and the Recruit will be furnished with a protecting certificate, and sent back to the place of his enlistment.

All such cases are to be included in the return ordered in the War Office Circular, No. 1,173, of the 5th January, 1855, to be transmitted at the end of each quarter for the information of the Secretary of State for War.

Digitized by Google

Should a Recruit thus sent *direct*, whether objected to by the Surgeon or not, be rejected by the Commanding Officer for military reasons, such as being over or under the regulated standard of height or age, deficiency in chest measurement (when such is required), or for any other cause, showing culpable inattention on the part of the Subdivision Officer, he will at once be discharged with a protecting certificate, and sent back to the place of his enlistment.

The Commanding Officer will in such cases record the cause of rejection on the second page of the Attestation, and insert on the back of it "All expenses disallowed."

Should a Recruit thus sent *direct*, after examination by a Military Medical Officer, be rejected for surgical reasons, the course pointed out at page 293 of "The Queen's Regulations and Orders for the Army" is to be followed.

A Return of all rejected *direct* Recruits, War Office Form 584, is to be transmitted with the Description Return, War Office Form 847, on the 1st of each month.

The General Commanding in Chief expects that Commanding Officers and Medical Officers in charge will not make a capricious use of the power now granted them of summary rejection, that they will have a due regard to the general expectation of usefulness in the Recruit, that they will have the interest of the Service at large at heart, and not reject men on account of trifling blemishes or unimportant defects, out of mere fastidiousness, because they do not fancy them for their own particular Corps.

By Command of His Royal Highness
The General Commanding in Chief.

G. A. WETHERALL,
Adjutant General.

MEMORANDUM.

ARTIFICIAL ARMS AND LEGS.

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission, may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.

BANK OF DEPOSIT.

NATIONAL ASSURANCE AND INVESTMENT ASSOCIATION.

ESTABLISHED MAY, 1844.

Empowered by Special Act of Parliament.

CAPITAL STOCK, £100,000 STERLING.

No. 3, PALL MALL EAST, LONDON, S.W.

(Head Office.)

OBJECTS OF THE COMPANY.

THIS COMPANY was established in 1844, for the purpose of opening to the public an easy and safe mode of Investment, with a high rate of Interest.

PLAN OF OPERATIONS.

The Bank of Deposit differs from ordinary Banks in the mode of employing Capital—money deposited with this Company being principally lent upon well-secured Life Interests, Reversions in the Government Funds, or other property of undoubted value. This class of investment yields, it is well known, the greatest amount of profit, with ample security. Loans made by the Company are collaterally secured by Policies of Assurance on the lives of the Borrowers, or their nominees, effected at rates of premium which insure the validity of the Policies against every possible contingency, secure adequate profit to the Company, and provide for the expenses of management.

ORDINARY DEPOSIT ACCOUNTS.

Accounts may be opened with sums of any amount, and increased from time to time, at the convenience of Depositors. A Stock Voucher, signed by two Directors, is given for each sum deposited.

WITHDRAWAL OF ORDINARY DEPOSITS.

In order that the permanent and profitable investments in which the funds are employed may not be unnecessarily disturbed, power is reserved to require six months' notice of withdrawal. It being, however, one of the principal objects of the Institution to unite a popular system of investment with the greatest possible accommodation to the public, the Board have power to dispense with notice, and to allow parties, in cases of necessity, to withdraw the whole or any portion of their Deposits on Special Application.

RATE AND PAYMENT OF INTEREST.

The Interest, which has never been less than Five per cent. per annum on Ordinary Deposits, is payable in January and July on the amount standing in the name of the Depositor on the 30th of June and 31st December, and, for the convenience of parties residing at a distance, may be received at the Branch Office, or remitted through Country Bankers.

SPECIAL DEPOSITS.

Deposits made by Special Agreement for fixed periods can be withdrawn without notice. Deposits will also be received, and Interest allowed thereon, at the following rates, until further notice:—

With one month's notice of withdrawal				..	..	2½	per cent.	per annum.
,, two	,,	,,	,,	..	..	3	,,	,,
,, three	,,	,,	,,	..	..	3½	,,	,,

SIR, *War Office, 20th January*, 1859.

NUMEROUS instances having occurred of lucifer and other matches being found in the pockets of articles of clothing returned to Store, I am directed by Secretary Major General Peel to request that you will cause all clothing to be thoroughly searched before sending it into Store, and to cause any matches or other articles discovered therein to be immediately removed.

1. CIRCULAR, No. 376.

SIR, *War Office, 22nd January*, 1859.

MISAPPREHENSION having been found to exist at several Foreign Stations as to the purport of Circular No. 144, dated 23rd September, 1857 (164,789—4), by which certain changes in the mode of paying and accounting for postages were prescribed, I am directed by Secretary Major General Peel to inform you that it was not intended to bring under local settlement the postage of any letters which were not prepaid abroad previously to the issue of that Circular, but only that the charges on letters necessarily paid at a Foreign Station should be paid on posting or delivery, as the case might be, instead of forming the subject of running accounts with the local Post Offices.

I am therefore to request that, should letters addressed to the Departments at home have been paid for at your Station in consequence of the above-quoted Circular, you will give directions for the discontinuance of such prepayments for the future.

I have the honor to be, Sir,
Your obedient Servant,

To General and other Officer commanding Her Majesty's Forces abroad. B. HAWES.

WITH reference to Articles 27, 28 and 29 of the Clothing Warrant, dated 24th August, 1857, I am directed by Secretary Major General Peel to acquaint you that all expenses incidental to clothing hitherto charged in contingent accounts are, as respects Regiments stationed in India, from and after 1st April, 1859, to be included in the Regimental Accounts rendered to the Government of that country, from which you will receive instructions on the subject.

The Contingent Clothing Account will not therefore be rendered by such Regiments to this Office for expenses incurred after the 31st March, 1859, up to which date it must be transmitted as usual.

INSTRUCTIONS FOR MAKING THE CROCHET BONNETS, CAPS AND KNITTED HOODS, INTRODUCED BY MRS. WILLIAM ROBINSON.

Camp, Colchester, 13th December, 1859.

CROCHET—Chain stitch—Make a loop and insert the hook; draw the cotton through; repeat.

Plain Stitch—Have a loop on the hook, put the hook through a stitch, then draw the cotton through both stitches; repeat.

Double Crochet—Have a loop on the hook, draw it through a stitch; then draw the cotton through both stitches; repeat.

Long Stitch—Have a loop on the hook, make a stitch by bringing the cotton over your hook, then through a stitch; next, the cotton through two stitches; bring the cotton again through two stitches; repeat.

Double Long—Is nearly the same as the last. Make a loop on the needle, put the cotton over twice; put the needle through a stitch, cotton through two, cotton through two, and again cotton through two; repeat.

Mistresses are recommended to make the articles the size of the pattern hats before attempting to make them the full size.

To make a Crochet Bonnet.

Materials—Penelope crochet hook; bonnet shape; 3 dozen Berlin wool, or a skein and a half of fine white knitting cotton, or two reels of drab boar's-head crochet cotton, will make a bonnet of full size.

Digitized by Google

Prices—Penelope crochet hook, 2*d.*; wool, 4½*d.* per dozen; knitting cotton, 1*d.* per skein; boar's-head cotton, 3*d.* per reel; bonnet shape, 4½*d.* White crochet cotton should not be used, as it soon becomes yellow.

5 chain, join with plain stitch; 3 chain; 2 long into every stitch; continue this for 4 or 5 rows, so as to make the crown perfectly flat; when the crown is large enough, do a row without increasing; this will turn it down. Continue for several rows until it as deep as the narrow part of the back of the bonnet. The crochet must be occasionally tried on the shape, so that it may fit when finished. Fasten off with a plain stitch; tie the thread on the hook; put the thread over, then long stitch. Continue this until within 12 or 15 stitches of where it was fastened on. The size of the shape will regulate the number of stitches to be left. To find this out the work must be tried on the shape. Fasten off, and commence as before; increase as the work goes on, so that it may fit the shape. This is done by working two stitches in one loop. When near the ears of the bonnet, the gores must be commenced, by doing 2 plain, 3 double crochet; then long stitch, which is to be continued until near the ear; then 3 double, 2 plain; fasten off. Continue in this manner, leaving from 4 to 5 stitches from where it was last commenced. This will neatly graduate the gores, and make it fit to that part of the shape. The shape will give great assistance in goring, and when this part is finished, the ears must be commenced; to do which, chain 5, then long stitch to the end of the row; 6 chain; fasten off. Commence on the first of the 5 chain of last row, and continue to the end; then 5 or more chain, according to the length of ear.

Edging—1 double crochet, 1 chain, 1 long, 1 double long; repeat.

Curtain—Cut in paper the pattern; crochet to the shape, by making the chain a little longer than the longest part of the pattern. Long stitch for 2 rows; miss a stitch or two at the beginning and ending of each row; fasten off, and finish with edging.

Baby's Hood.

Materials—Strutt's No. 6 white knitting cotton 1½ skeins; 2 bone knitting pins, No. 7.

Prices—Cotton ½*d.* per skein; knitting pins 4½*d.* per pair.

Cast on 68 stitches; 1st row, after casting on, plain; 2nd row, purl; 3rd row, bring the cotton forward and knit two together, purl; repeat. Continue till deep enough.

For Curtain—Cast out 62 stitches; knit in the same manner as hood, till deep enough.

For Making up—1 yard calico at 2½*d.* will line 6 hoods; 3 pieces of tape at ½*d.* each will trim the 6 hoods; 2 sheets wadding at 1*d.* each will complete them.

School Cap.

Materials—1 ball twine at 8*d.* will make 3 caps; one Penelope crochet hook.

5 chain; 1 plain long stitch, increasing 2 in 1. Continue until the crown is large enough; then continue without increasing till it is deep enough. Fasten off. Make the tassel of twine as pattern.

Scotch Cap.

Materials—1½ oz. coloured knitting cotton at 4*s.* per lb.; 1 bone hook at 1*d.*; ¼ yard glazed lining at 2½*d.* per yard. Cut in paper the size required; commence the top with 3 chain; increase 2 in 1 the beginning of every other row; if this should not be often enough, increase oftener; but the paper pattern will show this. Towards the end of the top part the work must be decreased. This is done by missing one or more stitches in turning. The top is all worked in one piece, double crochet stitch. Always take the top row of stitches for working on.

Second part—Chain rather more than the required length; the first row will shorten the length. Double crochet till the pattern begins to slope; then fasten off. Put a loop on the hook, and measure where to begin; 2 plain, 3 double crochet, as the end of the row graduate the same; 3 double crochet, and then 2 plain; fasten off. Begin again, miss from where you last began about 5 stitches, and try it to the pattern. Towards the two last rows miss about 12 stitches. The half of the pattern towards the front will not be as deep as the side. By working as above it will form the cap.

Digitized by Google

Cane Cap.

Materials—Cane as pattern; 4 lengths of cane will make a cap of full size; 1 ball of twine at 6*d.* will make one cap and a-half; and a ball at 8*d.* will make nearly three.

Wind the twine on a piece of wood before commencing.

5 double crochet over cane; next 2, and now and then 3 stitches into 1 stitch, until the crown is quite flat, and the cane covered. Continue till the crown is large enough.

Draw the cane slightly, and work round and round till the cap is deep enough.

If you wish to make a hat, increase several times and turn the cane, when worked to the shape you wish it to be.

By managing the cane, the caps or hats may be made any shape that may be desired.

Peaks for caps may be bought at 1*d.* each; or they may be made of gutta percha, and the top covered with oilskin, at 1*s.* per yard, the lower part covered with green glazed lining, in imitation of leather, and bound with narrow ribbon. A small hat made of fine twine over cane is added to each set, to show the effect of fine twine, and the way to proceed in making a hat.

The Articles which have not the maker's names upon them have been worked by Mrs. Robinson.

General No. 230. **CIRCULAR, No. 385 (BARRACK).**

War Office, 7th February, 1859.

THE Secretary of State for War having had under his consideration the Regulations for supplies of lime to, and the whitewashing of, Barracks and Buildings connected therewith, as laid down at page 104, paragraph 186 and Appendix XVI. of the Barrack Regulations, has been pleased to cancel the same, and, with the concurrence of His Royal Highness the General Commanding in Chief, has ordered the following Regulations to be substituted:—

1. All whitewashing required for any portion of Barrack or Hospital Buildings or Stables between the several periodical whitewashings executed by the Royal Engineer Department is to be performed under the superintendence of the Barrack Department on requisitions furnished by the Officer commanding the Troops to the Barrack Master, stating the Buildings for which the service is required to be performed. Such requisitions to be so limited, that no Building shall be whitewashed more than twice a year. In any case of more frequent whitewashing being required, a special report is to be made to the Quartermaster General showing the necessity for the same.

2. The service is to be performed by the Troops at such seasons of the year as may least interfere with their drills, and when this is impracticable by civil labour.

3. Non-commissioned Officers and Soldiers so employed are to receive working pay at the rate of 4*d.* per diem; the proportion of Non-commissioned Officers and the number of working hours will be in accordance with the general regulations of the Service.

4. It is considered that cases should but rarely arise when the duty cannot be performed by the Troops; and the Secretary of State for War desires that Officers commanding will endeavour to confine their requisitions for this service as much as possible to those portions of the year when Troops are available. When this cannot be done, Barrack Masters will report the circumstance specially for the information of the Secretary of State for War, showing the necessity for the immediate performance of the work.

5. Barrack Masters will, on the receipt of requisitions as above described from Commanding Officers, transmit the same, with an estimate according to War Office Form 1,421, to the Commanding Royal Engineer, who, after attaching his signature to the certificate thereon, will forward it to the Inspector General of Fortifications without any covering letter, with the view to obtaining the sanction of the Secretary of State for War.

6. Barrack Masters will issue to the Troops brushes and implements as at present.

Digitized by Google

7. Payments will be made by the Barrack Master to the parties employed; the authority of the Secretary of State for War to be quoted on the voucher of the Barrack Master's account current, on which the charge will appear.

8. When Lime is required for sanitary purposes, such as the purification of drains, ash pits, urinals or privies, Commanding Officers are to send requisitions to Barrack Masters for such quantities as may be necessary for this service alone. Barrack Masters will then purchase the same at the lowest price for which it is obtainable, and issue accordingly; they will send in a quarterly statement on War Office Form 1,429, supported by the requisitions of Commanding Officers as vouchers for the quantity supplied, in order to obtain the sanction of the Secretary of State for War to the expenditure.

9. This expenditure is to be charged in the Barrack Master's account current on War Office Form 1,394, on which should be quoted such sanction, the quality certificate always accompanying the voucher. On War Office Form 1,366 should be charged the Lime purchased for whitewashing performed by the Troops, supported by the like quality certificate, War Office Form 1,421 A being available for the pay of the men, and War Office Form 1,365 being used when the service is performed by civil labour.

10. Barrack Masters are allowed, when a proper Store has been provided in Barracks for the purpose, to keep a supply of Lime on hand to meet the requisitions for sanitary purposes alluded to in Paragraph 8.

To Officers commanding at Home Stations, Commanding Royal Engineers and Barrack Masters.

ACCOUNTS OF REGIMENTAL AGENTS AND PAYMASTERS.

War Office, 8th February, 1859.

In accordance with the provisions of the Royal Warrant, dated 27th September, 1858, Regimental Agents will, from 1st April, 1859, receive a yearly allowance of 1½*d.* in the pound, or 12*s.* 6*d.* per cent. upon the aggregate amount of the daily pay and annual allowances actually issued through the Agent.

Regimental Officers will continue as heretofore to receive their pay according to their own option from the Regimental Agent or Paymaster.

With a view to secure an earlier and a more direct charge and audit, the pay of Regimental Officers, when so issued by the Paymaster, is to be charged quarterly in his pay list, and finally audited in such account.

The charges in the Agent's annual account under that head are to be restricted to the pay of such Officers who have selected the Regimental Agent to receive their pay from.

Whenever an Officer is at his own option transferred from the payment of the Agent to that of the Paymaster or *vice versâ*, the prescribed certificate will be invariably required in duplicate, the original being annexed to the account in which the pay is for the future to be charged, and the duplicate thereof to the account in which the pay will cease to be charged.

The separate quarterly statement of Officers' pay prescribed by Articles 43 of the Explanatory Directions will be discontinued, and Articles 8 and 145 of those Instructions are rescinded from 1st April, 1859, from which date these Regulations will take effect.

The necessary alterations in the printed forms will be notified to the several Accountants forthwith.

This Regulation does not affect the Royal Artillery or Engineers.

CIRCULAR MEMORANDUM, No. 387.

War Office, 9th February, 1859.

In lieu of the rates of pay specified in Article 18 of the Explanatory Directions, dated 1st July, 1848, a Regimental Paymaster will henceforth on appointment be entitled to the full rate of his regimental pay from the date of his being gazetted, subject, however, to a deduction for the sum paid to the Officer or Officers performing the Paymaster's duties until he shall join the Regiment.

The rate of deduction will be 10*s.* a day, subject to a further charge by the Paymaster, if it shall appear that the remuneration to the Officer acting in his absence shall have been charged at a lower rate.

CIRCULAR MEMORANDUM, 388.

War Office, 9th February, 1859.

The Secretary of State for War has decided that the Medical Examination of Absentees from Militia Regiments in the United Kingdom, who are to be *summarily* proceeded against under the provisions of the Militia Acts of 17th and 18th Victoria, Cap. 105, 106 and 107, shall be discontinued.

Any fees therefore which may hereafter be incurred in such Examinations will be disallowed from this date.

The fee of 2*s.* 6*d.* for Medical Examination of Absentees or Deserters committed for safe custody will only be admitted when the Regiments to which they belong are embodied or out for training, in either of which cases it will be necessary to ascertain, previously to removal by escort, their fitness or unfitness for service.

CIRCULAR, No. 389.

War Office, 19th February, 1859.

An instance having recently occurred wherein articles issued to a regiment for temporary use were found, on their return into Store, marked with the number of the regiment using them—

Secretary Major General Peel considers it necessary to impress upon all concerned, that Stores issued for temporary service of the troops, either in camp or barrack, are not on any account to be marked; and that, should it be found on the delivery of such articles into Store that they have been marked, the cost of making good such articles for re-issue will be charged against the regiment or corps.

To prevent charges being made for Horse Covers deficient, Secretary Major General Peel has decided that it will be necessary for the troops to produce at least the two portions containing the eyelet-holes on the sides; and, although the Military Storekeepers and Barrack Masters will be instructed to make all fair allowance for the wear and tear of Horse Blankets, Covers and articles of a similar description, it is nevertheless requisite, for the protection of the public, that a sufficient portion of the worn-out articles should be produced to afford a reasonable proof that they have not been unfairly dealt with.

APPLICABLE TO ALL REGIMENTS AT HOME AND ABROAD (EXCEPT INDIA), AND TO CONSOLIDATED DEPÔTS AND DEPÔT BATTALIONS.

War Office, 19th February, 1859.

IT having been decided to discontinue the present separate Contingent Clothing Accounts prescribed by the Circular Letters * quoted in the margin, and to include all actual and necessary expenses incidental to Clothing as ordinary charges in the Regimental Pay List, Secretary Major General Peel desires that, from and after the 1st April, 1859, separate estimates or requisitions for money on account of this service shall not be forwarded to this Office, but the amount required shall be included in the Paymaster's General Estimate.

The Quartermaster should be supplied with such sums as he may actually require for this service out of the public funds in the Paymaster's possession, furnishing the Paymaster with receipts for sums so advanced, and accounting to him for the same before any further advance is made.

The Quartermaster's demands for advances should invariably be approved of and signed by the Commanding Officer.

A detailed and accurate account of the Quartermaster's expenditure on account of Clothing, countersigned by the Commanding Officer, and accompanied by proper vouchers, is to be annexed in support of any charge on account thereof in the Quarterly Pay List, and in this account should appear a list of the advances made by the Paymaster.

A separate credit should also be given in the Pay List for any miscellaneous receipts by the Quartermaster on account of Clothing, vouched by a certified statement of particulars.

CIRCULAR MEMORANDUM,

General No. 153. Books—1 (1859).

Horse Guards, S. W., 19th Feb. 1859.

THE annexed Circular Memorandum, dated 7th March, 1839, is again promulgated for general information, His Royal Highness the General Commanding in Chief entirely concurring in his predecessor's recommendation of the Publication therein referred to, viz.:—"ADVICE TO THE BRITISH SOLDIER, BY A NON-COMMISSIONED OFFICER."

The Work has recently been revised and corrected, and will be supplied at the reduced price of threepence, on application to the publisher, Mr. William Wilcockson, Rolls Buildings, Fetter Lane, E.C.

By Command.

G. A. WETHERALL,
Adjutant-General.

CIRCULAR MEMORANDUM,

Addressed to Officers commanding Regiments and Depôts at Home and Abroad.

Horse Guards, S. W., 7th March, 1839.

THE Non-commissioned Officers and Soldiers of the Army may study, with great advantage to themselves and to the public service, a late publication entitled, "ADVICE TO THE BRITISH SOLDIER, BY A NON-COMMISSIONED OFFICER," of which Quarter Master Serjeant John Fletcher, of the 59th Regiment (now Ensign in the Newfoundland Veteran Companies) is the Author.

The Work above described so clearly explains to the young Soldier the first principles of Military Discipline and Subordination, and contains so much sound advice for

regulating the conduct of the Non-commissioned Officer, that LORD HILL has no hesitation in recommending it to the patronage of Commanding Officers of Regiments and Depôts.

The price of the Work is sixpence, and any number of copies will be supplied upon application to the publisher, Mr. William Wilcockson, Rolls Buildings, Fetter Lane, London.

By Command.

JOHN MACDONALD,

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 154. Courts-Martial—1 (1859).

Horse Guards, S. W., 21st February, 1859.

INSTANCES having recently occurred of Non-commissioned Officers giving evidence before Courts-Martial, as to former convictions, character, age and length of service of prisoners under trial, His Royal Highness the General Commanding in Chief desires that this duty may, when practicable, be invariably performed by a Commissioned Officer.

By Command.

GENERAL ORDER. No. 722.

Musketry Instruction—1 (1859).

Horse Guards, S. W., 11th February, 1859.

THE General Commanding in Chief having received from the Inspector General of Musketry the Reports of the result of the last Annual Course of Rifle Instruction of the Corps specified in the margin [*next page*], has directed that the "Prizes for Good Shooting" awarded in each case, under the General Order of the 10th March last, shall be published in the General Orders of the Army.

His Royal Highness desires that the Prizes may be presented on parade, and he has recommended to the Secretary of State for War that the money allowance accompanying each Prize may be made payable from the 1st of October last.

The 62nd and 63rd Regiments and the Depôt 58th Regiment also completed the annual course for the year 1858; but the reports of practice not having been properly kept, the General Commanding in Chief has been compelled to disallow the Prizes claimed.

The Duke of Cambridge deems the present a fitting occasion to announce to the Army that a party of the Donegal Militia lately under instruction at the School of Musketry has made better practice than any of the Detachments that have been trained there since the first opening of the Establishment in November, 1854; as well as to express his gratification at the increasing attention which is paid, in all quarters, to this most important part of a Soldier's duty.

By Command of HIS ROYAL HIGHNESS
THE GENERAL COMMANDING-IN-CHIEF.

G. A. WETHERALL,
Adjutant General.

Horse Guards, S.W., 12th February, 1859.

WITH the view to assimilate, as far as possible, the system of examining Candidates for Direct Commissions at Foreign Stations with that in operation at Home, the General Commanding in Chief is pleased to order as follows:—

These Papers and the written replies will be returned without delay to the Council of Military Education, who will report thereon for the information of His Royal Highness.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission, may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

Foreign Office, May 10, 1855.

BANK OF DEPOSIT.

NATIONAL ASSURANCE AND INVESTMENT ASSOCIATION.

ESTABLISHED MAY, 1844.

Empowered by Special Act of Parliament.

CAPITAL STOCK, £100,000 STERLING.

No. 3, PALL MALL EAST, LONDON, S.W.

(Head Office.)

OBJECTS OF THE COMPANY.

THIS COMPANY was established in 1844, for the purpose of opening to the public an easy and safe mode of Investment, with a high rate of Interest.

PLAN OF OPERATIONS.

The Bank of Deposit differs from ordinary Banks in the mode of employing Capital—money deposited with this Company being principally lent upon well-secured Life Interests, Reversions in the Government Funds, or other property of undoubted value. This class of investment yields, it is well known, the greatest amount of profit, with ample security. Loans made by the Company are collaterally secured by Policies of Assurance on the lives of the Borrowers, or their nominees, effected at rates of premium which insure the validity of the Policies against every possible contingency, secure adequate profit to the Company, and provide for the expenses of management.

ORDINARY DEPOSIT ACCOUNTS.

Accounts may be opened with sums of any amount, and increased from time to time, at the convenience of Depositors. A Stock Voucher, signed by two Directors, is given for each sum deposited.

WITHDRAWAL OF ORDINARY DEPOSITS.

In order that the permanent and profitable investments in which the funds are employed may not be unnecessarily disturbed, power is reserved to require six months' notice of withdrawal. It being, however, one of the principal objects of the Institution to unite a popular system of investment with the greatest possible accommodation to the public, the Board have power to dispense with notice, and to allow parties, in cases of necessity, to withdraw the whole or any portion of their Deposits on Special Application.

RATE AND PAYMENT OF INTEREST.

The Interest, which has never been less than Five per cent. per annum on Ordinary Deposits, is payable in January and July on the amount standing in the name of the Depositor on the 30th of June and 31st December, and, for the convenience of parties residing at a distance, may be received at the Branch Office, or remitted through Country Bankers.

SPECIAL DEPOSITS.

Deposits made by Special Agreement for fixed periods can be withdrawn without notice. Deposits will also be received, and Interest allowed thereon, at the following rates, until further notice:—

With one month's notice of withdrawal	..	..	2½	per cent.	per annum.
,, two	,,	,,	,,	..	..	3	,,	,,
,, three	,,	,,	,,	..	..	3½	,,	,,
,, four	,,	,,	,,	..	..	4	,,	,,
,, six and upwards	,,	,,	..	..	5	,,	,,

General No. 636. FOR DISEMBODIED MILITIA REGIMENTS.

SIR, *War Office, 24th February*, 1859.

I AM directed by Secretary Major General Peel to inform you that a fatigue suit, including jacket, cloth trousers, forage cap and boots will, in future, be issued every alternate year to the Permanent Staff of Disembodied Militia Regiments.

I am accordingly to request that you will fill up the inclosed Form; and as the fatigue suit will be issued in the year no dress clothing is received, you will only demand for this year fatigue suits for the men who are not entitled to dress clothing, transmitting the requisite size rolls.

This issue of a fatigue suit on the alternate year will supersede the second dress suit sanctioned by War Office Circular (19,200—Gen. No. 5), 8th July, 1854.

I have the honor to be, Sir,
Your obedient Servant,

CIRCULAR, No. 396—*continued.*

MEMORANDUM.

War Office, 28th February, 1859.

Estimates, Drafts. See Articles 53 to 55, Explanatory Directions.

1. In the preparation of monthly, quarterly or supplementary estimates, the utmost care is to be taken by the Accountant to ascertain as accurately as possible the amount that will be actually required for the services to be disbursed by him. The practice of demanding unnecessary credits is most reprehensible, as well as the habit of overstating known services, for the purpose of providing for possible contingencies. Supplementary estimates can always be forwarded, when necessary, and their amounts are promptly placed at the disposal of the Accountant. When, notwithstanding every precaution, an over-estimate is found to have occurred, either from a sudden reduction, the transfer of a portion of a Corps to the payment of another Accountant or any other cause, the amount over-estimated should on no account be drawn; but it should be reported immediately on discovery, if at home, to this Office, or, if abroad, to the Controller at the Station, and should be distinctly shown in the account current of the next periodical estimate under the head therein provided.

This rule should more especially be borne in mind when services of unusual magnitude have to be provided for, such as the embarkation of a Regiment for Foreign Service.

2. Accountants are on no plea whatever to retain in their hands at any time any larger sum of public money than may be absolutely necessary to meet their actual responsibilities; and in accordance with this principle any sum or sums exceeding 50*l.* coming into their hands from the sale of cast horses or other causes should be at once reported to this Office, and deducted from the next estimate, through the medium of the account current, or paid over to the proper Officer (*i. e.* the Officer from whom the Accountant is in the habit of receiving advances), as the case may require.

Article 6, Explanatory Directions.

Agents are to be punctual in reporting all sums paid into their hands by Paymasters and others, taking the directions of the Secretary of State as to their disposal.

3. When a Regiment proceeds from Great Britain to Ireland, or *vice versâ*, careful attention is to be paid to Articles 95, 96 and 97 of the Explanatory Directions which prescribe the course of procedure in such cases.

4. When a Regiment is about to embark from an Irish port for Foreign Service, the Paymaster will recollect that the Regiment will be on the British or India establishment from the date of embarkation, and that the advanced pay, &c. is consequently placed in the hands of the British agent.

5. When a Regiment is under orders for immediate embarkation for Foreign Service, but its departure is temporarily delayed, the Paymaster is at liberty to estimate on the monthly form for the expected period to the day of embarkation, care being taken to attend strictly to Rule No. 1, and such estimate is to be accompanied by a statement of the circumstances which have led to its preparation.

6. The accurate completion of all estimates as to form, signature, etc. being very necessary for the prompt and correct transaction of the financial business of the Army, any unavoidable deficiency in those respects arising from movement of Troops, the sudden change of Officers temporarily in charge of accounts, or other exigencies of the Service, should be explained by a memorandum from the Officer in command accompanying the estimate in which it occurs.

7. The account current attached to the estimates being essential to the accurate adjustment of the cash account of every Corps, it must invariably be carefully attended to by the Accountant, and faithfully completed according to the form prescribed.

Articles 110—167, Explanatory Directions.

8. In drawing upon the agent, Paymasters will carefully regulate their drafts so as neither to exceed the proportion prescribed by themselves in their estimates, nor the actual and immediate requirements of the Service. The drafts are in all cases to be limited to expenditure already actually incurred, or sums required immediately to meet advances in accordance with the Regulations. They must never be used as a means of transferring to the Paymaster's separate account with the agent, or to any other than a recognized public account, any sums in anticipation of future disbursements. In like manner the practice, which sometimes prevails at Foreign Stations, of drawing and

Digitized by Google

immediately repaying an unexpended balance of an estimate, which may not be required for the Service, is unnecessary and objectionable.

9. With regard to the separate account of a Paymaster with an agent, above alluded to, it is at all times to be borne in mind that they are recognized solely as the means of adjusting the subordinate cash transactions of the Regiment with Detachments, Companies and the Paymasters of other Corps, and of receiving the numerous small bills, which it is not desirable to introduce into the account rendered to this Office. The use of the separate account is therefore to be strictly confined to such transactions as may be necessary for the above purposes.

10. The practice of introducing net sums into Pay Lists or accounts is to be entirely discontinued, as well with regard to items of expenditure as with drafts, transfers and repayments between Accountants, the full amounts of which are in all cases to be shown in their proper places. Neither should charges and credits, equal and quit, be introduced, apparently for the purpose of equalizing the total drafts with the total estimates, when they do not represent actual transactions.

11. Accountants will bear in mind that all transactions, whether of receipt or expenditure, belong properly to the account of the period *during which they are actually paid*. This principle is to be strictly observed, and is especially applicable to drafts and repayments, whether they be for the adjustment of balances on prior accounts or otherwise. The instructions given in Articles 91 and 92 of the Explanatory Directions will, moreover, in future be considered to extend equally to every quarterly account. The limits within which a certain latitude is allowed are clearly defined in Article 92, and must on no account be exceeded. In giving credit for drafts the greatest accuracy is enjoined in inserting the full particulars as to the amount and date of each individual transaction, with the source from which such money is derived, and similarly with respect to repayments.

12. Accountants should in all cases allow two or three days to elpase after the despatch of an estimate before they draw on the agent or Treasury chest, in order that a sufficient time may be allowed for any communications that may be necessary either for the correction of an error or to secure due attention to the Accountant's drafts. The responsibility of any inconvenience that may arise from the neglect of this rule will in future rest entirely upon the Accountants, who, in the event of being compelled in any instance to depart from it by urgent circumstances, are to mark their estimate as "pressing," accompanying it with a memorandum of explanation.

13. Paymasters at home are to observe that the abstracts of their estimates are to be forwarded to the War Office, and not to the Agent, either directly or under cover, as this practice only leads to unnecessary trouble.

Finally. It is the duty of the Regimental Agent, as stated in Article 4 of the Explanatory Directions, and of any other Officer occupying a similar position, to report to the Secretary of State any serious departure from the Regulations on the part of any Paymaster or Officer with whose accounts he may be connected.

[*See Explanatory Directions respecting estimates, drafts and bills, and especially Article 54 of the same.*]

permit, the arrangements now in force with the tradesmen employed by you to furnish supplies to the Hospitals in the District under your superintendence, in order that the system above mentioned may at an early period come into operation.

Separate instructions will be given to you from time to time as to when the contracts are to be made by you, and when by the Director of Contracts, or as to the manner in which it may be considered advisable to deal with any particular article.

When you are directed to make the arrangements, the order of procedure will be as follows:—

You will call for tenders for supplies from the tradesmen residing in the locality in which the Hospital is situated by advertisement in the local newspapers, or other means affording publicity, and by causing hand-bills (forms of which will be supplied on application to this Office) to be posted, at least a month prior to the expiration of the existing agreement, at the particular Station for which a Contract is required.

Samples of the articles to be tendered for should lie at the Purveyor's Office, or other convenient place, for the inspection and guidance of the tradesmen desirous of tendering for the supply.

A supply of the Form of Tender to be used in all such cases is inclosed herewith.

On the third page of the Form of Tender you will affix Schedule No. 2, which will comprise the names and description of the articles and the probable quantities required during the six months, the manner of delivery, the previous notice which will be given and any other particulars which should form a condition of the tender.

Upon the receipt of the tenders you will apply to the Commanding Officer at the Station to nominate a Military and a Medical Officer to be present at the opening of the same, and to assist you in examining the samples, and in deciding upon the tradesmen by whom the several supplies are to be furnished.

As a rule the lowest tender is to be accepted, and, if in any instance it should be considered necessary to depart from that rule, the reasons for doing so should be fully given. These reasons, signed by the Officers present at the opening of the tenders, should be forwarded to the Purveyor in Chief, together with the duplicate copies of all the tenders sent in (whether accepted or not).

Contracts should embrace a period not exceeding six months, and should only be renewed to the same party on condition that his previous agreements have been satisfactorily carried out, that the supplies furnished by him have been unexceptionable in quality, and his new tender the most suitable of any that may be sent in.

When the limited number of sick at any Station in the District, or any other circumstance, leads you to consider it inexpedient to call for public tenders, you should report the same to the Purveyor in Chief for the information of the Secretary of State for War, with your reasons for arriving at such a conclusion; but it is to be understood that in no case is the system of public tender to be departed from, unless its adoption is either impracticable, or would be attended with inconvenience to the Service.

If at any time the quality of the provisions furnished by the contractor should form the ground of complaint, you will immediately, on receiving a notification to that effect, examine into the case, and, if necessary, apply to the Officer commanding to assemble a mixed board of inquiry, composed of a Military, a Medical and (when practicable) a Purveying Officer, to decide upon the question at issue.

I am, Sir, your obedient Servant,

The Purveyor to the Forces at ——. B. HAWES.

The date of the receipt of each letter is to be written in red ink under the actual date of the letter itself.

The letters should be registered daily in a foolscap book, with index, in the following form :—

When documents are received without a covering letter, the Purveyor should register a blank half-sheet of paper, stating therein the nature of the document received, its date, and how disposed of.

The Index of the Registry should contain a list of subjects regarding which correspondence generally takes place, and the number of each letter, as registered daily, should be entered in the Index, against the subject to which it refers, as well as against the name of the writer or station from which it comes, so that, in referring back to any correspondence, the Purveyor may have no difficulty in selecting the numbers connected with any given subject during the year.

The following list of subjects, to be entered in the Index, is sent for the guidance of the Purveyor, and he is to add such others as he may find necessary :—

Accounts, Cash and Provision.

19. CIRCULAR, No. 403.

War Office, 21*st March*, 1859.

REFERRING to Circular, No. 309, dated 7th September, 1858, by which General Officers commanding Districts are empowered to direct the immediate performance of such small works as they may consider to be urgently necessary, and for the want of the immediate performance of which the Service would manifestly suffer,

Secretary Major General Peel has observed that this Circular appears in many instances to have been misunderstood, and that General Officers have ordered the immediate execution of various services, which, though they may be desirable in themselves, are by no means of a nature sufficiently urgent to warrant their having been ordered without reference to himself.

He desires to make the following observations on this subject :—

The funds voted in the annual estimates being limited, the Secretary of State is compelled to maintain a constant watch over the expenditure, and to keep himself acquainted with the sums which can be made available from savings on authorized items, so as to provide for the execution of services not included in the estimates, without exceeding the amounts authorized by Parliament.

What makes this close supervision the more necessary is, that the number of unforeseen services required in the course of the year, which cannot without inconvenience be postponed until the estimates of the ensuing year, is very considerable, so much so that not unfrequently the Secretary of State finds himself reluctantly compelled, from want of funds, to withhold his sanction for their immediate execution.

Under these circumstances it will be evident that the powers granted by Circular No. 309, should only be exercised in those very rare and exceptional instances which will not admit of the short delay of a reference to this Office. General Peel trusts that the foregoing observations will lead to a more clear understanding of the intention of the above Circular, and will be sufficient to induce General Officers to exercise with greater caution than heretofore the powers entrusted to them by it.

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 155. Ammunition—1 (1859).

Horse Guards, S.W., 25th February, 1859.

THE General Commanding in Chief has been pleased to sanction the adoption of a new pattern blank cartridge proposed by the Superintendent of the Royal Laboratories, for the purpose of assimilating the method of loading with blank to that of loading with ball cartridge, and it appears by a communication from the War Office that cartridges of this description are now ready for delivery. They are composed of the same number of parts as the service ball cartridge, viz., an inner bag containing the powder; a mock bullet, consisting of a paper bag, with a muslin bottom, filled with fine grain powder; and an outside bag to contain both.

In order to ensure the flash of the discharge igniting the powder in the mock bullet, and to prevent its being projected from the musket *entire*, a portion of the bottom of the outside bag is cut away. The operation of loading with the blank cartridge is to be performed in exactly the same manner as with the service ball cartridge. Care must be taken that the cartridge is *reversed* after the powder is poured into the barrel, and that the mock bullet, which occupies the portion covered with bees-wax, is *alone* rammed home upon the powder, the empty powder bag being detached in the usual way before the ramrod is inserted.

By Command.

G. A. WETHERALL,
Adjutant General.

N.B.—This Memorandum is to be substituted for the Circular of the same date and number issued last week, and which is to be cancelled.

General No. 156. Discharges—1 (1859).

Horse Guards, S.W., 5th March, 1859.

THE Commissioners of Chelsea Hospital still experiencing difficulty in deciding upon claims to pension of Soldiers discharged as unfit for the Service, notwithstanding the Circulars already issued on the subject, dated 29th September, 1858, and 26th May, 1858, His Royal Highness the General Commanding in Chief desires that Commanding Officers will take care, in preparing the discharge documents of Invalids, that the following instructions are strictly complied with:—

1st. Instead of inserting on the first page of the Proceedings of the Board, as directed in the latter Circular referred to, a copy of the charge, finding and sentence of each Court Martial by which an individual may have been tried, these particulars are to be written on a separate sheet; the number of times a man has been tried being alone inserted on the first page after the character, &c. &c.

2nd. When a man has never been tried by Court Martial, it is to be so stated in the same place.

3rd. If never entered in the Regimental Defaulter Book, that fact to be also stated.

4th. The Regimental Defaulter Sheet, instead of being destroyed, is to be forwarded with the discharge documents of the Invalid.

In all other respects the discharge documents are to be prepared as heretofore, and the information required by the Circulars referred to inserted therein.

By Command.

GENERAL ORDER. No. 724. Arms—1 (1859).

Horse Guards, S. W., 24th February, 1859.

THE recent General Inspection of Arms at Aldershot, Shorncliffe, Dublin and the Curragh has shown that the spare or unused Rifles in possession of Regiments are, with few exceptions, in a very unsatisfactory state of preservation; that they are rusty and gummed up with clogged oil or dirt, and that they cannot be cleaned without the application of some gritty or cutting substance, the frequent use of which would damage and affect the efficiency of the Arms.

Captains or Officers commanding Companies are responsible for the preservation of the Arms, for which they receive an allowance from Government; and the General Commanding in Chief will admit no excuse for any neglect of this important part of their duty. The unused Arms must be those of servants or of men in Hospital, or on the Band; and His Royal Highness desires that all these men (the sick excepted) will parade with their Companies once a week with their Arms and Accoutrements, when a strict examination of them will be made—the barrels inside freed from any obstruction and the locks duly oiled—before being returned to the Arm-chests or placed in the Arm-racks. The Arms of the sick in Hospital are to be in like manner inspected and put in order by the Armourer Serjeant, or as may be directed by the Officer commanding the Company, who is personally responsible for the efficiency of all.

Commanding Officers will add to every Duty State a Certificate that the Arms were duly examined, and found in good order, on the ——, and that the instructions for cleaning Arms, as prescribed in page 11, &c. of the new edition of the Musketry Regulations, are duly observed.

The General Commanding in Chief likewise desires, as a further means of maintaining the efficiency of the Rifles, and of detecting those which may become unserviceable, that an Annual Inspection of the whole of the Arms in possession of Regiments and Depôts at home and abroad may be made in the month of December in each year by Boards consisting of not less than three Officers, one of whom is to be a Field Officer. When available, Officers who have been trained at Hythe are to be selected for this duty; and when practicable, the assistance of one of the viewers of the War Department is to be obtained. The Arms are to be minutely examined stand by stand, and the defects of each duly noted, with a view to such repairs as may be necessary being executed at the expense of Officers commanding Companies. If the means are at hand, barrels which are suspected of being dented, or in any way damaged in the bore or rifling, are to be accurately guaged, and if any are unserviceable their exact number is to be stated, and the causes to which their unserviceable condition is attributed, as well as the dates of issue, are to be distinctly specified in the proceedings of the Boards, which are to be sent on the 1st of January to the General or other Officer commanding the Division, District or Station, for transmission to the Adjutant General and submission to the General Commanding in Chief.

By Command of HIS ROYAL HIGHNESS
THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 725.

Examinations—2 (1859).

Horse Guards, S. W., 5th March, 1859.

His Royal Highness the General Commanding in Chief directs that the following paragraph be substituted for par. 40, pages 60 and 61, of the Queen's Regulations and Orders for the Army, viz.:—

40. The following qualifications are required in Officers recommended for Staff appointments, viz.:—

AIDES-DE-CAMP.

English Composition.—The Candidate's proficiency in this respect will be tested by his answers to the examination papers.

Foreign Languages.—The Candidate will be examined *viva voce* by the Examiner appointed under the Council of Military Education in whatever modern language he

Digitized by Google

may select, and he will be also required to write a short letter on a given subject in that language.

Military Sketching.—The Candidate will be required to sketch at least two square miles of country selected by the Council. The sketch need not be elaborately finished, but it must clearly and intelligibly represent the features of ground, the principal points of which must be determined by means of the pocket sextant or prismatic compass.

Regimental Duty.—The Candidate must be prepared in all the subjects required in the Examination for promotion to a Troop or Company, as laid down in the General Order of the 29th November, 1858.

Tactics and Field Movements.—The Candidate will be expected to show a thorough knowledge of the tactics and field movements of that branch of the Service to which he is destined to be attached as a Staff Officer, and a general knowledge of those of the other two arms. The Examination will include the movements of the Brigade or Line, and will be based on the Regulation Books for the several arms.

Field Fortification.—The Candidate must show a knowledge of the principles and construction of Field Works, and must be able to explain the particular objects to which they are respectively applicable, as well as the modes of defending and attacking them.

Brigade Majors.

A certificate will be required from the Commanding Officer of the Regiment to which the Candidate belongs or has belonged, that he possesses all the qualifications of a good Adjutant. The Examination for Brigade Major will be especially directed to the points more immediately connected with the duties attached to the appointment, as "Military Law," the "General Orders of the Army," the "War Office Regulations," and in tactics all that relates to alignments, points of formation, distances, &c., &c. The subjects of Examination are the same as in that for the appointment of Aide-de-Camp, but the Examination will be throughout of a higher order.

Deputy Assistants Adjutant General and Quartermaster General.

Military Drawing and Sketching, Judgment of Ground and its Occupation by all Arms.—The Candidate will be required to make a rapid sketch on horseback, with report, of about six square miles of country, and to select a position which might be occupied by a given force of the three arms for some stated object, and to show how he would dispose the Troops for that purpose. He will afterwards be required to make a correct and more finished plan of the position selected, with the disposition of the Troops shown upon it.

Practical Geometry and Trigonometry.—The Examination in these subjects will be limited to determining heights and distances by ground problems and the ordinary trigonometrical calculations, with the aid of logarithms.

Castrametation.—The Candidate will be expected to know the mode of encampment of each arm of the Service.

Permanent Fortification.—The theory and construction of permanent works as exemplified in Vauban's or any other system the Candidate may select, as well as the modes of attack and defence applicable to them.

Military History and Geography.—The Candidate will be expected to give proof that he has carefully studied at least four of the most memorable modern campaigns, of which the details are best known, such as those of Wellington, Marlborough, Napoleon and Frederick the Great, and in these he must be able to explain the apparent objects of the movements, and the reasons which he supposes led to their adoption, and, further, to describe the Military Geography of the Seat of War. In languages, as well as tactics, the Examination will be of a higher order for these than for the preceding appointments.

Assistants Adjutant and Quartermaster General.

The Examination for these appointments will be the same as the above, with the addition of Elementary Mechanics (*i. e.* Statics and Hydrostatics) so far as it is necessary for military objects, such as the construction of Dams, Military Bridges, &c.

By Command of His Royal Highness
The General Commanding in Chief.

Adjutant General.

BANK OF DEPOSIT.

NATIONAL ASSURANCE AND INVESTMENT ASSOCIATION.

ESTABLISHED MAY, 1844.

Empowered by Special Act of Parliament.

CAPITAL STOCK, £100,000 STERLING.

No. 3, PALL MALL EAST, LONDON, S.W.

(Head Office.)

OBJECTS OF THE COMPANY.

THIS COMPANY was established in 1844, for the purpose of opening to the public an easy and safe mode of Investment, with a high rate of Interest.

PLAN OF OPERATIONS.

The Bank of Deposit differs from ordinary Banks in the mode of employing Capital—money deposited with this Company being principally lent upon well-secured Life Interests, Reversions in the Government Funds, or other property of undoubted value. This class of investment yields, it is well known, the greatest amount of profit, with ample security. Loans made by the Company are collaterally secured by Policies of Assurance on the lives of the Borrowers, or their nominees, effected at rates of premium which insure the validity of the Policies against every possible contingency, secure adequate profit to the Company, and provide for the expenses of management.

ORDINARY DEPOSIT ACCOUNTS.

Accounts may be opened with sums of any amount, and increased from time to time, at the convenience of Depositors. A Stock Voucher, signed by two Directors, is given for each sum deposited.

WITHDRAWAL OF ORDINARY DEPOSITS.

In order that the permanent and profitable investments in which the funds are employed may not be unnecessarily disturbed, power is reserved to require six months' notice of withdrawal. It being, however, one of the principal objects of the Institution to unite a popular system of investment with the greatest possible accommodation to the public, the Board have power to dispense with notice, and to allow parties, in cases of necessity, to withdraw the whole or any portion of their Deposits on Special Application.

RATE AND PAYMENT OF INTEREST.

The Interest, which has never been less than Five per cent. per annum on Ordinary Deposits, is payable in January and July on the amount standing in the name of the Depositor on the 30th of June and 31st December, and, for the convenience of parties residing at a distance, may be received at the Branch Office, or remitted through Country Bankers.

SPECIAL DEPOSITS.

Deposits made by Special Agreement for fixed periods can be withdrawn without notice. Deposits will also be received, and Interest allowed thereon, at the following rates, until further notice:—

With one month's notice of withdrawal				..	..	2½	per cent.	per annum.
